Product Title: HP 15s FQ5000nia

**Product URL:**

<https://www.paklap.pk/hp-15s-fq5000nia-12th-gen-core-i3-laptop-price-reviews-pakistan.html>

**Product SKU:** LPT-1

**Product Category:** Laptops

**Product Brand:** HP

## Product Description:

If you are looking for an affordable laptop for personal use or studies from HP, then consider browsing through the HP 15s line. FQ5000nia is one of the models from the HP 15s series laptops. What makes this entry-level device special is the latest 12th Gen Alder Lake processor.

### Processor

Most budget laptops do not have the latest generation processor, but this one does. It has the 12th Gen Intel Core i3 1215U processor. When the Performance cores and the Efficiency cores work together in the hybrid architecture, they deliver a clock speed range between 1.2 GHz and 4.4 GHz with Intel Turbo Boost Technology.

### Storage and RAM

In this entry-level laptop, you get a 256 GB PCIe NVMe M.2 Solid State Drive to store your important files. As for memory, this notebook comes equipped with 4 GB DDR4 RAM having a clock speed of 3200 MHz. Both are customisable and can be increased for an added sum. The RAM can go up to 32 GB and the SSD can be increased to 2 TB.

### Graphics and Display

The Intel UHD integrated Graphics powers the graphics in this notebook, allowing you to use MS Office, browse the web and watch media easily.

In terms of display, you get a 15.6" screen with micro-edge bezels and anti-glare coating to minimize reflections. The peak brightness level is measured to be 250 nits with a colour accuracy of 45% NTSC. As for the picture quality, it is HD, 1366 x 768 pixels.

### Build and Design

You get a black plastic chassis which is durable and portable as well. The device weighs 1.69 kg and features a matching full-size keyboard with a separate numeric Pad and a responsive trackpad with ample palm rest.

### **Camera**

Whether you have online classes or zoom meetings to attend, The HP True Vision 720 pixels HD camera in FQ5000nia will offer decent picture quality. Moreover, the in-built dual array digital microphones with temporal noise reduction will send your voice to the other side without any distortion.

### **Warranty**

You get an International Warranty with your purchase of HP 15s FQ5000nia.

**Product Title:** HP 15s FQ5295nia

**Product URL:**

<https://www.paklap.pk/hp-15-fq5295nia-12th-gen-core-i5-laptop-pakistan.html>

**Product SKU:** LPT-2

**Product Category:** Laptops

**Product Brand:** HP

**Product Description:**

If you are looking for an HP laptop in Pakistan at a reasonable price that can fulfill your needs for basic and complex tasks, then the HP 15s FQ5295nia can be the right choice for you. It has the processor of Intel core i5 and RAM of 8 GB, which is an ideal combination for good performance.

The storage space of 512 GB and the GPU of the device is also on the plus side, which should be the convincing reason for you to buy this device.

### **Processor**

The Intel core i5-1235u processor of the 12th generation has been installed in the HP 15s FQ5295nia laptop, which contains top-notch performance cores. It helps you to execute your tasks seamlessly by preventing a delay. The processor speed is 1.3 GHz, and the turbo boost can reach 4.40 GHz, which can help you achieve maximum productivity.

### **RAM and Storage**

The 8 GB RAM installed in the HP FQ5295nia helps you manage intensive workloads and gives you the leverage to execute difficult tasks in less time. This RAM is of DDR4 type that runs at the clock speed of 3200 MHz. The storage capacity is 512 GB SSD which enables you to streamline your data flow and save data files that occupy more space.

### **Graphics**

The GPU of Intel Iris Xe Graphics has been integrated into the HP Core i5 laptop in Pakistan, which allows you to attain a high-quality visual experience. If you are a professional gamer, then you can also consider this GPU

useful as it can provide you with the desired results for some casual games. Also, the GPU has good graphics memory and performance cores that can further elevate your visual experience.

### **Display**

The display size of the HP laptop is 15.6 inches which provides you with outstanding visual quality and clarity. It has a screen resolution of 1920 x 1080p that maintains the right balance of color contrast in images and videos. The display is a full HD screen that also has anti-glare capabilities, which help you work in outdoor places by reducing the reflection of sunlight.

### **Speaker, Microphone, and Camera**

The stereo speakers installed can provide you with satisfying sound quality. It can work well at higher volume frequencies for movies, music, and gaming. Furthermore, the microphone and the HD camera are already embedded in the device, which can further elevate your user experience.

### **Body & Design**

You can expect a decent and professional design. It is available in the natural silver color and is made of alloy material which increases its durability. The device has a weight of 1.69 kg, which is not heavy at all, so you can carry it with ease while you are going to work or at any place. You can also use the backlit keyboard that can help you complete work in places where there is less brightness.

**Product Title:** LG 43UR81006LJ

**Product URL:**

<https://www.currys.co.uk/products/lg-43ur81006lj-43-smart-4k-ultra-hd-hdr-led-tv-with-a-mazon-alexa-10248671.html>

**Product SKU:** 618786

**Product Category:** TV

**Product Brand:** LG

**Product Description:**

This LG UR81's 4K Ultra HD resolution means your favorite blockbusters look sharp and vibrant with incredible detail. While High Dynamic Range (HDR) gives you more accurate colors, improved brightness levels and a deeper contrast. Those movie monsters just got a lot more menacing. With AI Sound Pro, you'll be wrapped in a blanket of sound. It transforms 2-channel audio into virtual 5.1 surround sound for that movie theater experience (only without the never-ending trailers). And Filmmaker Mode turns off any picture processing that can make movies look unnatural, so you can enjoy them the way the director intended.

**Good to know**

- Game Optimiser fine tunes your settings, so your games look and sound their best and run smoothly – your enemies don't stand a chance
- Its modern, slim design will instantly become the focal point of your room and looks great on the wall or a TV cabinet
- AI Acoustic Tuning uses the mic on your remote to tweak the TV's audio settings based on the size and shape of your room

- Access all your favorite apps like Netflix, Prime Video, Disney+ and loads more via LG's webOS smart platform

**Product Price: £399.00**
